

CALL FOR PAPERS

SALOS RP Monograph Series – Volume 45

The **Salesian Sport Organisation of the Republic of Poland (SALOS RP)**, in cooperation with the **Francis de Sales Scientific Society (TNFS)**, invites scholars to submit original academic contributions for publication in the **45th volume of the SALOS RP Monograph Series**, prepared in connection with the annual scientific symposium.

Monograph Theme: *Sport in Promoting a Culture of Peace*

In the context of contemporary armed conflicts, social tensions, and axiological uncertainty, peace should be understood not only as a political category but, above all, as a cultural and educational challenge. Sport—conceived as a space of encounter, dialogue, rule-governed competition, and values-based education—possesses a distinctive potential to foster a culture of peace grounded in respect, solidarity, fair play, and the recognition of human dignity.

The editors invite **interdisciplinary contributions** addressing the role of sport in peace-building from pedagogical, philosophical, theological, social, and cultural perspectives. Empirical studies as well as theoretically grounded analyses and case studies are welcome.
